CITY MUNICIPAL OFFICE
BANGALORE

Dated 28th August ...1925

Dear Sir,

I beg to invite your kind reference to Para 8, --- clause B (a) of the Government Order No L 6UV-51½/21 -- 127-23-13 dated 22nd July 1925 on the Bangalore City Water Supply Scheme, wherein the Government say in respect of the enhancement of water tax on vacant sites that it is enhanced "from 3/5th per cent to 1 per cent of the building tax in the case of vacant sites "

2 The water rate that is now being collected on vacant sites is "3/5th of the building (probably intended to mean vacant land) tax" and not "3/5th per cent", which would be a very infinitesimal amount To take a concrete case, if 4 annas is the vacant site tax on 100 square yards, the water tax on that extent of vacant site is 3/5th of -- 4 annas or 2 annas 6 pies By some mistake the words "per cent" seem to have crept in both in the Council resolution on the subject and the order of Government thereon The intention of the Council seems to be to increase the Water tax

Sir,

With reference to your D O No L 1864 dated 8th September 1925 in the matter of the increase of water rate on vacant sites, I have the honor to state that in para 6 B (a) of the Government Order No L 509-b1c/M1 127-23-15 dated 22nd July 1925 on the water Supply Scheme, the Government in ordering the enhancement of Water Tax say that the water tax is enhanced from "3/5 per cent to 1 per cent of the building tax in the case of vacant sites " The words "per cent" occurring in both the --- places in this line have to be omitted for the following reason The present water rate on vacant sites is "3/5 of the building (which should have been vacant land tax - building tax being a misnomer) tax and not "3/5 per cent" which is a very infinitesimal amount and the water tax which is actually collected on --- vacant sites is 3/5 of the tax on them To take a concrete case, if 4 annas is the vacant site tax on 100 Sq Yds, the water tax on that extent of vacant site is 3/5 of 4 annas or 2 annas 5 pies By some mistake the words "per cent" have crept in the Council resolution dated 7th March 1925 on the subject and therefore also in the Government Order The question of amending the resolution of the Council was placed before the Municipal Council at the meeting held on the 12th September 1925 and the Coun-

cil

Council have resolved that the words "per cent" occurring in the places be omitted as it is the intention of the Council increase the water tax on vacant sites so as to make it equal the site tax itself. A copy of the resolution of the Council submitted herewith for the information and immediate orders of Government as action has to be taken on the several items ref red to in the above Government Order and bills have to issue f payment of taxes.

I have the honour to be

Urgent Subject

Subject :- Municipal Commissioner's note dated 20th August 1925, regarding the levy of enhanced water rate on vacant sites sanctioned by Government in their order dated 22nd July 1925 regarding the -- Water Supply.

Municipal Commissioner's note.

In para 8 (b) of the Government Order dated 22nd July 1925, on the Water Supply Scheme, the Government in ordering the enhancement of Water Tax say that the water tax is enhanced from 3/5 per cent to 1 per cent of the building tax in respect of vacant sites "

That

that this is not correct will be clear from t. ical considerations ---

The present water a e on vacant s_tes is "3/5 of t ing tax" and not "3/5 per cent" -- which is a very infini amount and the water tax which is actually collected on vacan ites is 3/5 of the tax on them i e if 4 annas is the ite tax on 100 square yards the water tax on that extent cant site is 3/5 of 4 annas or 2 annas 5 pies By some mis the words "per cent" have crept in the Council resolution subject and there are also in the Gover ment Order If it is the intention of the Council that the water tax on vacant si should be increased from 3/5 to 1 or in other words, that the water tax should be equivalent to the vacant site tax, then words "per cent" occurring in both the places should be del- But if the Council considers that as by enhancement of the v site tax from 4 annas to 6 annas per 100 square yards, the tax also is automatically increased from 2 annas 5 pies to 4 10 pies and that any further increase of water tax in this pect is not desirable then the words "from 3/5 per cent to 1 cent of the building tax in the case of vacant sites" should deleted

Sd M G Krishnasami Rao,

Resolution --- Resolved that as it is the intention of Council that the water tax on vacant sites should be equivale to the vacant site tax, the words "per cent" occurring after "3/5"and "1" in Resolution No 2 D (iii)-raising of the wat rate -- of the Council Meeting dated 7th March 1925 be deleted which would in effect mean that the water rate on vacant site made equal to the vacant site tax itself and that necessary c rection be required to be made in the G O No L 509-12/M1 - 127-23-13 dated 22nd July 1925 para 6 B (a)
